### WHAT WE LEARNED

April seemed to fly by (thanks spring break!). Here's what happened in the library: Kindergarten finished up their fairy tales unit with a very unique version of Cinderella. First grade continued using PebbleGo for butterfly research. Kindergarten and first grade celebrated School Library Month by creating hearts with reasons why they love the library. Second grade shared their mystery research projects with a fun guessing game and celebrated National Pet Month. Third and fourth graders finished reading their last Cook Prize Contender and cast our votes. We also read some silly rhyming books and reviewed theme. We also hosted the fabulous Peter Catalanotto for an author visit!
