Dear Parents/Guardians,

Beginning on November 20<sup>th</sup>, intermediate school parents have the opportunity to meet with their child's teachers for a conference. Although this is a dedicated time during the school year to meet, communication between the home and school should not be limited to one scheduled time during the school year. As a school community, we are committed to reaching out proactively to our parents whenever there is a concern or reason to celebrate. Please do not hesitate to reach out to the appropriate staff member at any time if you have information to share regarding your child or have any questions or concerns.

Conferences at RFIS are optional and are intended to clarify and expand communication between the home and school. This year, all RFIS parents have the opportunity to meet in person with their child's teachers on four out of the five conference days. One conference day is designated for virtual conferences only. If you would like your child to participate in any portion or all of the conference, they are welcome to attend. Student participation in conferences ensures they have a voice in discussing the progress of their learning, and empowers them in taking ownership of their learning, setting goals, and staying organized.

The RFIS 2024 conference schedule is as follows:

### **Information for 6<sup>th</sup> Grade Conferences**

- Sixth-grade **in-person conferences** are scheduled in 20-minute blocks with the full team of teachers. Parents will meet for 5 minutes with each teacher(s) from the following subject areas: Math, Science, Language Arts, and Social Studies. You will need to know which team your child is on: 6A, 6B, or 6C. If your child receives instruction in the Resource Center or receives support in Math and/or Language Arts, the Resource Teacher and the Support Teacher are part of the team and will also be present at the conference. You do not need to schedule a separate appointment.
- Sixth-grade **virtual conferences** are scheduled in 10-minute blocks with the full team of teachers. Parents will meet for 10 minutes with teachers from the following subjects Math, Science, Language Arts, and Social Studies. You will need to know which team your child is on: 6A, 6B, or 6C. If your child receives instruction in the Resource Center or receives support in Math and/or Language Arts, the Resource Teacher and the Support Teacher are part of the team and will also be present at the

If your child receives support services in Math or Language Arts, the support teacher will be present at the conference if possible or you can schedule a conference directly with the support teacher.
- Fifth-grade **virtual conferences** are scheduled the same way as in-person conferences. The only difference is that these conferences will take place using the Google Meet platform. A link to join the conference will be provided via email before the meeting.
