Mr. Robert Castellano – Principal  
Mr. Peter Sibilis – 7<sup>th</sup> Grade Vice-Principal  
Mr. Anthony DeMarco – 8<sup>th</sup> Grade Vice-Principal

Dear Parents,

As we continue our journey into the ever-growing world of technology, we realize that our students may want to use their personal mobile devices (such as I-Pad’s, Kindles and other mobile electronics) to enhance their educational experiences here at school. J.P. Case Middle School provides a myriad of technology experiences to our students; however, we do not offer students one to one accessibility. If you would like your child to bring his/her personal mobile device to school for educational purposes, we ask that you read below and provide your child permission by signing below and returning the form to the main office.

- I understand that the school will not be held liable for lost, stolen or damaged equipment.
- I understand that my child’s device must be used for academic purposes only.
- If not used properly, I understand that my child’s device may be subject to search and seizure.
- I understand that my child shall abide by the terms and conditions set forth in the technology use agreement.

### The Student Agreement

I agree to:

- Use the Internet network in support of education and research, consistent with the educational objectives of the Flemington-Raritan Regional School District.
- Use the Internet network only with the permission of the responsible adult.
- Be considerate of other users on the network and the Internet and use appropriate language for school situations as indicated by the school code of conduct.
- **The district is not responsible for the support, replacement, or repair of any personal technology hardware software.**
- Not tamper with computer hardware or software, vandalize data, invoke computer viruses, attempt to gain access to restricted or unauthorized network services, or violate copyright laws.
- Immediately report any problems or breeches of these responsibilities to the responsible adult.
- Abide by the Internet and Network Use Agreement terms and conditions of the Flemington-Raritan Regional School District, as stated in the attached Internet and Network Use Agreement.

I understand and will abide by the above conditions. I further understand that any violation may result in the loss of access privileges and school disciplinary action.

*(For students in Grades 3-8)*

### Parent or Guardian Agreement:

As parent/guardian of this student, I have read the responsibilities, rules, and regulations for the Internet and Network Use Agreement. I understand that Internet access is designed for educational purposes only. I also recognize that it is impossible to restrict access to all inappropriate materials. The current District Technology Policy does not require written permission from a parent for a child to have access to the Internet in the school, as follows: “parental permission is not needed to view specific Internet sites that have been recently viewed and approved by the teacher to meet district standards, and deliver a specified curriculum.” **However, I accept full responsibility for my child’s compliance with the above conditions and, hereby, give my permission for my child to use his/her personal technology devise while on the Flemington-Raritan Regional School District’s network and the Internet.**
